

Nurse Aide

Health Sciences

FOLLOW US

ABOUT THIS FIELD

The Nurse Aide curriculum prepares students to work under the supervision of licensed health care professionals in performing nursing care and services for persons of all ages.

WHAT YOU'LL STUDY

Course work includes human growth and development, personal care, vital signs, communication, nutrition, medical asepsis, therapeutic activities, accident and fire safety, household environment and equipment management, family resources and services and employment skills.

WHAT YOU CAN DO

Upon completion, the student may be eligible for listing as a Nurse Aide I and other selected Nurse Aide registries as determined by the local program of study.
