

Faculty Senate Agenda

January 26, 2022

Call to Order: Vicki Todd

Senate President, Welcome – Shannon Schafhausen special guest: mental health and wellness through SCC and resources. Dealing with the ongoing changes with support for students and faculty through student support services and EAP.

Old Business

Motion to accept last meeting minutes: Donna Conner

Committee updates:

Committee for leave, still working on these issues and still working on writing updates for the faculty handbook

Suggestions about presenting upward evaluation for Administration: wait until we take care of Leave issues

New Business/Adjournment

Proctoring Concerns: Concerns from faculty: is faculty senate interesting in looking into different proctoring services? Respondus Lockdown browser is being currently used through Moodle: poll faculty to see what percentage are using the lockdown browser or a proctoring service.

Covid related discussion - which masks are faculty wearing? More information about this.: Faculty are not required to use KN95/ N95 as well as students are not required to wear surgical masks. These are all highly suggested. There is ample supply and can request masks for yourself and students.

Weather related concerns: was able to understand how delays/closures are made. Decisions made by Megan Nicholson. Employees go out and drive around, take into consideration local school closures and the national weather service.

Any new concerns/ suggestions? - none

Motion made to adjourn the meeting Vicki Todd

Second Hilary Seagle
