| Goal | Criteria Results Be sure to utilize most current data available | End of Year Analysis (Goals achieved, impact of equipment purchased, improvements to your program, contingencies, etc.) Describe how you used the results to improve your program |
|-------------|---|---|
| 1. | 100% of graduates indicated that they were “very satisfied” with instruction at SCC and their goals for attending SCC were completely accomplished. | These results indicate that we are effectively meeting the needs of the occupational education students through a quality program of study. Will continue to monitor future results and adjust curriculum as indicated. |
| 2. | There were no employer surveys from the program last year, therefore this data is not available. | Continue monitoring results and adjust curriculum as needed. Survey former employers once graduates complete the program. There are two graduates this year, so this data will be available in the coming year. |
| 3. | 92% of the occupational education students earned a B or better in their occupational education technical courses. | Continue monitoring results and adjust curriculum as needed. These results indicate that our current program meets the needs of the students. |
