

Where are we?

Background research —————>  Design the plan —————> Implement the plan

How can you help?

Distance and technology-enhanced learning at SCC through the Learning College lens

Learning Outcomes

Defining and teaching learning outcomes

Assessing and documenting learning outcomes

What do we do well?

How could we expand/improve?

Technology

Using technology to improve and expand learning for students

Using technology to enhance learning for faculty and staff and to improve college operations

What do we do well?

How could we expand/ improve?

Staff recruitment and development

Recruiting and selecting a learning-centered faculty and staff

Developing, evaluating, and rewarding a learning-centered faculty and staff

What do we do well?

How could we expand/improve?

Student engagement

Orienting and engaging students in learning-centered education

Creating learning-centered programs for underprepared students

What do we do well?

How could we expand/ improve?

Organizational culture

Building a framework for a learning-centered organizational culture

Placing learning first: Organizational and cultural change

What do we do well?

How could we expand/improve?
