§ 115D-4. Establishment of institutions; capital improvements.

The establishment of all community colleges shall be subject to the approval of the General Assembly upon recommendation of the State Board of Community Colleges. In no case, however, shall favorable recommendation be made by the State Board for the establishment of an institution until it has been demonstrated to the satisfaction of the State Board that a genuine educational need exists within a proposed administrative area, that existing public and private post-high school institutions in the area will not meet the need, that adequate local financial support for the institution will be provided, that public schools in the area will not be affected adversely by the local financial support required for the institution, and that funds sufficient to provide State financial support of the institution are available.

The expenditures of any State funds for any capital improvements of existing institutions shall be subject to the prior approval of the State Board of Community Colleges and the Governor, provided that the Governor may consult with the Advisory Budget Commission before giving approval. The expenditure of State funds at any institution herein authorized to be approved by the State Board shall be subject to the terms of the Executive Budget Act unless specifically otherwise provided in this Chapter.
