Auditing Courses

Students who wish to audit a course must register through the regular registration procedures. Tuition and fees for auditing are the same as the cost of courses taken for credit. Audits are reported on grade reports and transcripts as “AU” and do not affect earned credits or influence the grade point average for the semester. However, audited courses do not count as successful completions for financial aid purposes. Therefore, students who receive financial aid should consult the financial aid officer before electing to audit a course.

To audit a course, a student should state his/her intent to audit no later than the first week of the course. An “AU” will be entered as the student’s grade for that course. A student may not switch from a credit to an audit status, or from an audit to a credit status after the drop/add period. However, in consultation with the student, an instructor may switch student status from a credit to an audit through the withdrawal period. This is done utilizing drop/add procedures.

Cooperative Education

In keeping with its policy of offering new and enriching opportunities for students, the college awards academic credit for cooperative work experience in many of its curricula. Cooperative Education (Co-op) is an educational program of practical, supervised, paid work experience that is directly related to the student's curriculum. The on-the-job training is a meaningful way for students to learn, to gain valuable work experience, to make educated career choices and to earn money while going to college. Interested students should contact their program advisor. Students are expected to have accident/medical insurance.

Course Credit by Examination

Credit by examination is offered to those students who, because of their demonstrated abilities, are qualified to accelerate their studies. To obtain credit, a student may take a proficiency examination in certain subjects when the student believes he already has mastery of the course material. Permission for such an examination must be obtained from the appropriate dean. The student must register for the course and pay tuition and fees. The examination may be written, oral, performance or all of these. Students failing such an examination may not request a second examination until evidence of further study in the subject is presented. The decision of the examining instructor is final.

Grades in Developmental Courses

Grades in all courses below the 100 level should be one of the following: A, B, C, CS or W and will not count as hours attempted or hours earned for the purpose of calculating a Grade Point Average (GPA).

Exception: Courses below the 100 level are counted as hours attempted for financial aid purposes.

Student Grade Appeal

The grade appeal process applies only to final course grades. In the event a student appeals a grade that prevents progression in a program, the student will be allowed to enroll and attend the following semester pending the outcome of the appeal. If the grade is upheld, the student will be withdrawn and refunded the tuition.

1. Student must appeal the grade to the instructor of record within the following semester. If not resolved;
2. Student may then appeal the grade to the appropriate dean. If not resolved;
3. (Final Step) Student may then appeal the grade to the Vice President for Instruction and Student Services. The decision of the vice president is final.
