

Advanced Medical Life Support (AMLS)

AMLS is an education program of the National Association of Emergency Medical Technicians (NAEMT). The program is endorsed by the National Association of EMS Physicians (NAEMSP). This program is for all levels of healthcare practitioners committed to providing quality care for patients in medical crisis. AMLS emphasizes the use of scene size-up, history, interactive group discussion on potential treatment strategies and physical exam to systematically rule out and consider possibilities and probabilities in treating patients' medical crises. The course is designed to combine interactive scenario-based lectures with hands-on physical assessments of patients.
