

Students

At SCC, we're all about hands-on learning! Whether you're taking a biology or welding class, prepare to roll up your sleeves and get your hands on the subject. You may find yourself developing logos for businesses, rappelling down a rock cliff face or scavenging the campus for a tree species. Whatever field you choose - one thing is for sure- when you earn your degree from SCC, you'll hold more than textbook knowledge.

For your convenience, we have copies of our most recent [Student Handbook](#) and [SCC Catalog](#) at the links.
