Academic Programs

Are you good at tinkering around and fixing stuff? Are you interested in a high-energy healthcare field? Or do you want to get all the college credit you can for transferring to a four-year institution?

No matter what you want to do with the next chapter of your life, we can help! We've got more than 40 academic programs - including a college-transfer option that helps you save tons of money while banking as much as two years of college credit.

We also offer a wide range of Workforce Continuing Education and Public Safety Training programs, [see more information on these non-curriculum programs here](#).

We have developed [many transfer agreements](#) with bachelor's degree granting institutions that allow students to seamlessly transfer after graduating from SCC. We also offer a large number of E-learning programs that allow students to take courses entirely online.

Academic Programs - Degree, Diploma, and Certificate:
