#### Special Notes:

<u>NEVER</u> enter the following grades into WebAdvisor, as these circumstances require Records Office processing and additional paperwork:

- W (Records Office will enter this grade after a completed drop form is received.)
- NA (Records Office will enter this grade after a completed drop form is received.)

#### AS A REMINDER:

- Developmental course grade options are: A, B, C, and CS. (D's and F's should not be given.)
- An audit grade (AU) should be given within the add/drop period, and be reported to the Registrar's Office by completing a add/drop form on the student. A student may not switch from a credit to an audit status, or from an audit to a credit status after the add/drop period. However, in consultation with the student, an instructor may switch student status from a credit to an audit through the withdrawal period. This is also done utilizing the add/drop form.
- If students have been properly dropped throughout the semester, their names should not appear on your final grade submittion screen.

#### Next Steps:

- Instructor will print off a copy of the WebAdvising screen for each roster they entered grades for and sign at the bottom of each roster. Use <u>Print</u> option in the WebAdvising screen not the printer icon on the Internet.
- This copy will be sent to the Dean's Office along with a copy of the rollbook for each course by noon of the day grades are due.

# Soon after grades are submitted, they will be verified by the Registrar's Office so that students can view them on WebAdvisor.

\*Grade changes will still be processed only the Registrar's Office.
