ABOUT THIS FIELD

The Infant/Toddler Care curriculum prepares individuals to work with children from infancy to three years of age in diverse learning environments. Individuals will combine learned theories, competency-based knowledge, and practice in actual settings with infants and toddlers.

WHAT YOU'LL STUDY

Course work includes infant/toddler growth and development: physical/nutritional needs of infants and toddlers; safety issues in the care of infants and toddlers; care and guidance; communication skills with families and children; design an implementation of appropriate curriculum and other related topics.

WHAT YOU CAN DO

Employment opportunities include child development and child care programs, preschools, public and private schools, recreational centers, early head start programs and other infant/toddler programs.
