These are the equivalent courses in a course-to-course transfer. MHU continues to honor the Comprehensive Articulation Agreement; therefore, students who complete the NCCCAA core curriculum will be granted credit for the MHU general education requirements even though the courses are transferred individually. Transfer students not completing the 44-hour core curriculum, are required to take those specific courses required for a major which also may be used for some general education requirements. (For example, elementary education majors must take PSY111 which will also meet the general education social science requirement). See the college catalog for specific major requirements.
