

HOUSING

Campus housing facilities (i.e., dormitories owned and operated by Southwestern Community College) are **NOT** available, as regulated by the North Carolina Administrative Code (NCAC). However, given our long-history of providing the NPS-SLET program, SCC-PSTC enjoys established community contacts & resources which support our mission in providing this training to Recruits assigned to a training session.

A list of independently owned & operated local housing options, may be accessed via the *Housing Options* link found on the Main Page.

Cost and conditions vary.
